

# Golf Course Participation

Join the **OnCart network today** by allowing your local OnCart dealer to install custom visors on your fleet of golf carts. We have three exceptional programs for you to select from.

## 1 Revenue Share

You have the option to have a check sent to you every month. The amount will be determined and agreed upon prior to any Advertising Campaign. The course will not have any Self Promotion Ads on this program.

## 2 Self Promotion

You have the option to display one of your own ads on the Visor. The goal of this program is that you will benefit more from the ad that you run versus the money you would collect from the Revenue Share.

## 3 Wholesale

With this program, you have the biggest potential upside to generating profits. You pay OnCart Advertising – West a predetermined price to “buy” the use of the visor for the year. Any profits over the predetermined price is kept by the course.

## What Can I Expect?

A professional look and feel to your golf carts with your course name and logo facing outwards. There will be no advertising on the front of the visors. OnCart Advertising – West will provide all of the printed banners for placement in the visors and we will take care of the installation of the visors onto the golf carts. We will also work with the golf course to ensure the proper program selection.

## How Can I Join the OnCart Network?

Call (925) 577-7008 to talk to an OnCart representative today, or email us at [Join@OnCartWest.com](mailto:Join@OnCartWest.com).
